THE NATIONAL ANTHEM

Stand and sing of Zambia, proud and free
Land of work and joy in unity
Victors in the struggle for the right,
We've won freedom's fight
All one, strong and free

Africa is our own motherland
Fashion with and blessed by God's good hand,
Let us all her people join as one
Brothers under the sun
All one, strong and free

One land one nation is our cry,
Dignity and peace 'neath Zambia sky,

Like a noble eagle in its flight,
Zambia - praise to thee,
All one, strong and free

Praise be to God,
Praise be, Praise be, Praise be,
Bless our great nation,
Zambia, Zambia, Zambia,
Free men will stand
Under the flag of our land,
Zambia - praise to thee,
All one, strong and free

CDSS/128/05/25: CURRICULUM PROVISION AND OPERATION

The District Education Board Secretary reported that in an effort to improve the provision of quality education, the District Education office monitored 35 schools in teacher preparedness and lesson delivery.

In order to enhance quality curriculum delivery in all schools for improved learner performance, the Standards and Assessment team monitored 51 teachers out annual of target of 365 as set in the Curriculum and Assessment Manual for all the three sectors (ECE, primary and secondary).

The institutions were generally doing the needful in ensuring that curriculum delivery remains the top priority. The gaps that came out of this monitoring exercise were centered on the new Competence Based Curriculum lesson planning. The noted

difficulties were attended to by conducting a series of orientation meetings for all the sectors.

Furthermore, the district conducted online examination registration in 85 primary schools (Grade 7), 41 junior secondary schools (Grade 9) and 17 secondary schools (Grade 12).

It was also reported that adherence to set examinations timelines was observed and examination centres generated their provisional registers.

The District Teacher Education section conducted monitoring of Baseline Catch-Up numeracy and literacy assessments. The district is leading in the province in terms of Catch-Up intervention.

Standards and Curriculum Department conducted a Stakeholders engagement meeting on the new Competence Based Curriculum in which it invited Councilors, the clergy, Ward Development Committee members, departmental heads and the Constituency office.

PEIC/143/06/25: ENFORCEMENT NOTICES

The Director of Planning reported that following the resolution of the Committee meeting held on 21st March 2025 vide minute number PEIC/61/03/24, the developers captured in annexure 2 were hereby presented before the Committee for interrogation

prior to the Planning Authority invoking section 67 of the Urban and Regional Planning Act, 2015.

The Committee was also reminded that Michael Ngoma appeared before the Committee and informed the Committee that the matter was in court as the plot owner had sued for trespass.

In view of the above, the Committee was informed that section 67 of the Urban and Regional Planning Act, 2015 allows the Planning Authority to enter on the land and give effect to the enforcement notices; and recovers as a civil debt in any court of competent jurisdiction from the owners or occupiers of the land, the expenses reasonably incurred by the Local Planning Authority in effecting the enforcement notices.

The Committee raised a concern as to why only one Ms Hellen Mwanza appeared before the Committee for interrogation out of the fourteen listed on the annexure 2.

In response, the Committee was informed that all the developers were invited via phone calls.

After a debate, it was;

RESOLVED THAT:

- i. All illegal developers be written to inviting them to appear before the Committee for interrogation.
- ii. Ms Hellen Mwanza to bring all the plot documents to the office of the Town Planner for advice and locate a plot number offered to her.

PEIC/144/06/25: APPLICATION FOR PLANNING PERMISSION TO DEVELOP LAND

The Director Planning reported to the Committee that Petauke Local Planning Authority was in receipt of seven (7) applications for planning permission to develop land. The Committee was informed that in accordance with Section 52 (3) of the Urban and Regional Planning Act 2015, the Planning Department scrutinised the applications and made recommendations.

In view of the foregoing, the Director Planning presented the recommendations for ratification of the Committee as guided by Section 15 (2) of the Urban and Regional Planning Act 2015. Members were referred to annexure 3 for details.

On a proposal duly seconded, it was;

RESOLVED THAT:

The application for planning permission to develop land presented in annexure 3 be **RATIFIED**.

PEIC/145/06/25: APPLICATION FOR CHANGE OF RECOMMENDATION

The Committee was also informed that site inspections were undertaken by the Planning Department as guided by circular number MLGRD/101/15/1 of 2024, in the presence of the applicants/proxies. The inspection reports and site plans were presented before the Committee.

In view of the above, it was

RESOLVED THAT:

- i. The applications be approved as presented on the table above.
- ii. The applicants pay services charges to the Council.
- iii. Successful applicants be recommended to the Commissioner of Lands.

PEIC/147/06/25: ALLOCATION OF 15 PLOTS IN CHIMATE AREA - ALICE SERENJE AND EMMANUEL SERENJE

The Director Planning reported to the Committee that the Council was in receipt of a request from Alice Serenje to be allocated fifteen (15) plots out of the total number of 31 plots, as compensation of their land located in Chimate area.

The Committee was also reminded that in the previous Committee and at the Council sitting had resolved to allocate 6 plots to the said Alice Serenje on 2nd January 2025 vide minute number PEIC/574/11/24.

Furthermore, the said Alice Serenje requests that the fifteen (15) plots be allocated as follows:

S/N	Name	NRC	No. of Plots

5. Tobias Kasamba NRC	Residential PETAU/LN_21313/2844 Nyika Extension	Residential PETAU/LN_92481/ Mupya	Unresolved conflicts with the locals
--------------------------	---	---	--

In view of the above, it was;

RESOLVED THAT

- i. The applications be approved and recommended to Ministry of Lands.
- ii. The previous recommendations be cancelled.
- iii. An Ad hoc Committee be constituted to deal with the unresolved conflict with the Locals.

PEIC/149/06/25: APPLICATION FOR PLANNING PERMISSION TO CHANGE THE USE OF LAND

The Director of Planning reported that Petauke Local Planning Authority was in receipt of one (1) application for planning permission to change the land use. The Committee was informed that in accordance with Section 52 (3) of the Urban and Regional Planning Act 2015, the Planning Department scrutinised the applications and made recommendations.

In view of the foregoing, the recommendations were presented for approval of the Committee as guided by Section 15 (2) of the Urban and Regional Planning Act 2015:

S/N	Applicant's Name	Plot Number & Land Use	Location & Details of Application	Comment
1	Lameck Banda	PET/50 Residential (High Cost)	Ngwee road, Mayadi Area. Change of use from Residential to Institution (Training College). Amnt paid: K 7,802.00	Approve

From the foregoing, it was;

RESOLVED THAT:

The application in the table above be **APPROVED** as it did not have an adverse effect on the achievement of the aspirations of the Integrated Development Plan (IDP).

PEIC/150/06/25: CANCELLATION OF RECOMMENDATION FOR PLOT PETAU/LN_92481/1 - KELVIN PHIRI (NRC 351467/53/1)

The Director of Planning reported that the Council was in receipt of a request from Kelvin Phiri to withdraw the recommendation and/or demand notice for service charges as he is unable to pay for the stipulated service charges amounting to ZMW 10,000.

In view of the above, it was;

RESOLVED THAT:

The demand notice and/or recommendation for plot PETAU/LN_92481/1 in favour of Kelvin Phiri be withdrawn.

PEIC/151/06/25: RE-PLANNING OF PLOT PET/838

The Director of Planning reported to the Committee that the Planning Authority was in receipt of a request to re-plan plot PET/838 located in Mayadi area along Ukwimi road.

The Committee was informed that site inspections were undertaken by the Planning Department as guided by circular number MLGRD/101/15/1 of 2024, in the presence of the affected parties.

The Committee was further informed that the inspections revealed that three (3) separate families were housed within the same plot and all of them wanted to have ownership documentation.

In view of the above, the Committee recommended that the plot be re-planned and subdivided into three (3) plots to cater for the three families.

It was;

RESOLVED THAT:

- i. The request to re-plan plot PET/838 be approved.
- ii. The plot be subdivided into three (3) plots.
- iii. The plots be allocated to the three families.
- iv. The families be recommended to the Commissioner of Lands for ownership documentation.

PEIC/152/06/25: UPDATE ON THE REVIEW OF THE JOINT LUSANGAZI/PETAUKE INTEGRATED DEVELOPMENT PLAN (IDP)

The Director Planning reported to the Committee that the Council was in receipt of a request from the Ministry of Local Government and Rural Development to review the Joint Lusangazi/Petauke Integrated Development Plan (IDP) and separate it into two standalone IDPs for Lusangazi and Petauke districts.

The Committee was informed that the review was necessitated by the need to have a standalone IDP for Petauke district as the current joint IDP was developed when Lusangazi was still part of Petauke district.

The Committee was also informed that the Urban and Regional Planning Act, 2015 prescribes that an IDP shall be the principal planning instrument to guide and inform all planning and development in the area of the Local Authority and all planning decisions of a Planning Authority.

The main aim of the review is to ensure the IDP remains relevant, effective and aligned with current needs and priorities of the Petauke district as well as to have a standalone IDP for the district.

Specifically, the review is expected to achieving the following:

- Track and document progress of its implementations during first five years;
- Draw lesson from its implementation during the first 5 years;
- Identify areas for inclusion in the plan to address the changing circumstances or new priorities.

As guided by section 19 (6) (b) of the Urban and Regional Planning Act, 2015, It was;

RESOLVED THAT: The review of the Joint Lusangazi/Petauke IDP and separation of the IDP to form two separate IDPs be **APPROVED**.

PEIC/154/06/25: ALLOCATION OF SHOPS/STALL IN CHILEYA, MAIN MARKET AND BEHIND BUS STATION

The Director Planning reported that the department had disjointed information concerning the shop/stall owners in Chileya, Main Market and behind bus station. As such, it had become cumbersome for Management to process Lease Agreements for the said stall/shop owners as well as those applying for change of ownership.

The Committee was informed that all the Markets in the Township were properties of Petauke Town Council and as such, the Council only Leases out the shops/stalls to prospective traders for a specified period of time.

In view of the foregoing, there was need for Management to have a reference resolution when generating Lease Agreements.

After a discussion, it was;

RESOLVED THAT: All shop owners in chileya, main market and behind bus station be given a lease agreement.

PEIC/155/06/25: UPDATE ON COUNCIL PROJECTS

The Director Engineering Services presented to the Committee an update on the status of Council projects for the period ending at 20th June 2025. The table below shows the details:

S/N	Project	Target	Remarks

- To establish whether payment vouchers were filed and secured
- To establish whether revenue collected at Nyika Motel is banked the following day after receipt.
- To establish whether the fuel utilization records were updated.
- To establish whether CDF and Capital ledgers were updated.
- To establish whether the list of all outstanding creditors both external and internal were updated.
- To establish whether receipts and payment for first quarter were updated.
- To establish whether Cashbooks and Bank reconciliations statements for all council accounts are maintained.

DISCLAIMER

The principal safeguard against fraud, misstatement and irregularities is an effective system of internal control. It must, however, be recognised that there were inherent limitations in any system of internal control - including management override, human error and circumventions through collusion. The prevention and detection of fraud was therefore management's responsibility.

AUDIT FINDINGS

The enquiry made on the audit during the period under review, reviewed the following audit findings:

AC/169/06/25: PAYMENT VOUCHERS

Management Control

The internal Auditor reported to the Committee that Section 72 (1) of the Public Finance Management (General) Regulations of 2020. States that a payment voucher with supporting documents, and any other forms which support a charge entered in the accounts, shall be filed, secured against loss, and be readily available for audit.

Findings

It was reported that an Audit examination of payment vouchers revealed that various supporting documents were not attached to total of 138 transactions amounting to K5,925,801.17 such documents included acquittal sheets, Receipts and goods received notes. Refers to Schedule 1.

Root Cause

The query was attributed due to the failure by finance officers to review payment vouchers and ensure that necessary documentations were attached to all payment vouchers.

Potential Impact (Risk)

Breach of the Public Finance Management General Regulation of (2020).

Management Comments

Management acknowledge the query and reported that efforts were made to collect receipts from suppliers of goods and services. A total number of 48 payment vouchers

amounting to K2,836,303.79 were supported and were ready for verification.

Management Action Plans

Management would ensure that Receipts were collected and attached to for all payments from suppliers of goods and services.

#Agreed management action	Position/designation directly responsible for implementation	Implementation date
1. Receipts to be Collected and attached for every payment for Goods and services	PO/DES/DF/AA	Immediately payment is made.

Internal Audit Comment

A total number of 48 payment vouchers amounting K2,836,303.79 were availed to audit for verification and were cleared. However a total of K3,089,497.38 was yet to be availed to audit for verification and was outstanding.

After a debate, it was;

RESOLVED THAT:

- i) Management to ensure that all the supporting documents were attached to payment vouchers and carry out on-going reviews on all payment vouchers.
- ii) All missing documents should be traced and attached to the payment vouchers and made available for audit verification before the next Council meeting.

AC/170/06/25: UNRETIRED IMPREST

Management Control

The internal Auditor reported to the Committee that Section 104 (1) of the Public Finance Management Regulations states that Special or accountable imprest shall be retired immediately after the purpose for which the imprest was issued is fulfilled.

Findings

Contrary to the above management control, it was observed that a total of 13 payment vouchers revealed that imprest was issued amounting to K22,330.00 and only 4

payments amounting to K5,040.00 were retired in line with the financial regulations during the period under review. Schedule 2 refers.

Root Cause

This was due to the failure by imprest holders to retire imprest immediately after the purpose for which the imprest was issued for was achieved.

Potential Impact (Risk)

Funds might not be utilised for the intended purpose, which may lead to the wastage of public funds.

Recommendations

Management to ensure that imprest issued to officers was retired promptly following the fulfilment of the intended purpose. Further, all documents for the unretired imprest should be subjected to audit verification.

Management Comments

Management reported that a total sum of K21,290.00 was retired and retirement forms were ready for verification. The balance of K1,040.00 was to be recovered from the imprest holders through the payroll in the month of June. Letters were written to the defaulters.

Management to write letters to defaulters and recoveries to be made through payroll

Management Action Plans

Letters have been written to defaulter notifying them of deduction through payroll.

#Agreed management action	Position/designation directly responsible for implementation	Implementation date
1	Management to write letters to defaulters and recoveries to be made through payroll	DF/ OFFICER PAYROLL

Internal Audit Comment

A total number of 13 imprest holders amounting to K22,330.00 were availed to audit for verifications and were cleared. Audit to follow up on the balance of K1,040.00 and ensure that it was recovered from the imprest holders through the payroll in the month of June.

After a debate, it was;

RESOLVED THAT:

- i) recoveries be done on the defaulters through the June Payroll.
 - ii) Going forward, all documents for the retired imprest should be subjected to audit verification.
-

AC/171/06/25: MISSING PAYMENT VOUCHERS

The internal Auditor reported to the Committee that Section 72 (1) of the Public Finance Management (General) Regulations of 2020. States that a payment voucher with supporting documents, and any other forms which support a charge entered in the accounts, shall be filed, secured against loss, and be readily available for audit.

Findings

During the period under review audit examination of records reviled that contrary to the above requirement a total of 71 payment vouchers were missing amounting to K2,225,368.25. Schedule 3 refers.

Root cause

This was due to the failure by accounting officers assigned with the responsibility to promptly file the payment vouchers once they were fully signed and approved.

Potential Risk

Missing of payment vouchers might be interpreted as misapplying or misappropriation of public resources.

Management Accountant to ensure that all Payment Vouchers were filed as soon as there were fully signed and approved.

#Agreed management action	Position/designation directly responsible for implementation	Implementation date
1	Payment Vouchers are filed for proper record keeping	AA/CO

Internal Audit Comment:

A total number of 19 missing payment vouchers amounting to K69,848.76 were availed to audit for verifications and were cleared. However a total amount of K2,155,519.49, to be availed to audit for verification and was still outstanding.

After a debate, it was;

RESOLVED THAT:

- i) Management should timely and appropriately file all payment vouchers immediately after all vouchers were fully signed and approved.
 - ii) Management to put in place a deliberate and appropriate management supervision to ensure that proper record keeping was adhered to.
 - iii) The missing vouchers amounting to K2,155,519.49, to be availed to audit for verification before the council meeting.
-

AC/172/06/25: UNDER BANKING

Management Control

The Internal Auditor reported to the Committee that section 28 (2) and (3) of the Public Finance Act 2018 (2), Subject to any express direction of the Secretary to the Treasury in respect of the operation of any Fund or working account, all monies received by an accounting officer or any office holder responsible for the collection of money shall be deposited into the Consolidated Fund not later than the next business day following the day of receipt, unless otherwise directed by the Secretary to the Treasury. (3) A controlling officer or an office holder who without reasonable cause fails to deposit public monies received as provided under subsection (1) commits financial misconduct.

Findings

Contrary to the above regulations Audit observed that a total number of (1) transaction amounting to K871.00 in regard to revenue that was receipted under District Account was under-banked.

Schedule 4 refers.

Root cause

This was due to the failure by the officers charged with the responsibility to collect and deposit revenue to adhere to the Public Finance Management Act of 2018 that clearly stipulates that, all revenue received or collected shall be banked not later than the next business day.

Potential Risk

Holding on to revenue received longer than prescribed, cash in particular poses a risk to the institution of it losing out on the revenue generated by means of theft, misapplication or misappropriation.

Management Comments

Management acknowledged the Auditor's finding and reported that the anomaly was resolved. The missing attachment for the deposit that was under banked were attached.

Management Action Plans

Management will ensure that all deposits are accounted for.

#Agreed management action	Position/designation directly responsible for implementation	Implementation date
1	Ensure all Deposits made have supporting documents	Cashier/ Collector

Internal Audit Comment:

The previously missing deposit slip were availed to Audit, and the query was resolved. However, Management was advised to ensure that all required supporting documents related to Daily Cash Collection transactions are properly attached prior to submission for audit verification.

After a debate, it was:

RESOLVED THAT:

- i) Management should ensure adherence to the guidelines of the Public Finance Management Act General regulations of 2020.
- ii) Management to Orient new officers who take up positions that requires them to receive and deposit revenue on behalf of the institutions so that effective Financial Management.
- iii) Management to ensure that all required supporting documents related to Daily Cash Collection transactions were properly attached prior to submission for audit verification on a daily basis.

AC/173/06/25: DELAYED BANKING

Management Control

The internal Auditor reported to the Committee that Section 128 (1) of the Public Finance Management Act General regulation of 2020, states that an office holder who receives or collects revenue shall deposit the revenue not later than the next business day following the day of receipt of revenue.

Findings

Contrary to the above regulations, Audit observed that a total number of (4) transactions amounting to K340.00 concerning revenue that was receipted under Market Account was delayed to be banked. Schedule 5 refers.

Root cause

This was due to the failure by the officers charged with the responsibility to collect and deposit revenue to adhere to the Public Finance Management Act General regulation of 2020 which clearly stipulates that, all revenue received or collected shall be banked not later than the next business day.

Potential Risk

Holding on to revenue received longer than prescribed, cash in particular poses a risk to the institution of it losing out on the revenue generated by means of theft, misapplication or misappropriation.

Management Comments

Management acknowledged the Auditor's observation and that the officer involved were reprimanded.

Management Action Plans

Management would ensure that all revenue collected was banked within 24 hours.

#Agreed management action	Position/designation directly responsible for implementation	Implementation date
1	Revenue Collection made to be banked immediately within 24 Hours	Revenue collector / Cashier

Internal Audit Comment:

Management was reminded to adhere to the provisions of the Public Finance Management Act General Regulations of 2020 and ensure that all revenue collected is deposited within 24 hours as required.

After a debate, it was;

RESOLVED THAT:

- i) Management to ensure adherence to the guidelines of the Public Finance Management Act General regulations of 2020.
 - ii) Management to Orient new officers who take up positions that requires them to receive and deposit revenue on behalf of the institutions so that effective Financial Management.
-

AC/174/06/25: DELAYED COMPLETION OF SIXTEEN (16) COMMUNITY PROJECTS

Management Control

The internal Auditor reported to the Committee that Constituency Development Fund Act No. 11 of 2018 Section 25(8); a project approved by a Provincial Local Government Officer shall be completed within the period set out in a contract entered into for the execution of the works.

Findings

He further reported that a review of the Community Project Status Report for 2024 and a physical inspection of selected projects revealed that the projects listed in the table below were approved and funded but remained incomplete beyond their expected completion timelines. These had stalled service delivery and reduced the intended benefits to the community. See table attached as Schedule #5.

Root cause

He added that this was due to funding challenges experienced between Nov. 2024 and March 2025, the contractors where not paid in good time for the claimed funds to buy materials for the projects, hence the delays to complete the works. Extension of time was granted to the contractors.

Potential Risk

- i) Escalation of Costs: Prolonged delays may lead to increased project costs due to inflation or contract variations.
- ii) Deterioration of Partially Completed Works: Unfinished structures are prone to weather damage, vandalism, or theft of materials.
- iii) Delayed Service Delivery: Communities are deprived of essential services that these projects were meant to provide.
- iv) Non-compliance with Contract Terms: Failure to complete projects on time may indicate weak contract management and enforcement.

Management Comments

Management acknowledged the observations of the Auditor and state that the contract periods that had elapsed was

Management Action Plans

The following action plans represent the agreed management actions to be taken to address the weaknesses and areas for improvement, as identified during the internal audit:

#Agreed management action	Position/designation directly responsible for implementation	Implementation date
1	Management will ensure that funds are requested on time and follow up made on delayed payments	DES/DF

Internal Audit Comment:

Audit to follow ups and conduct reviews to ensure implementation of the management action plan. However, improvements were needed to ensure completion on time for the benefit of the communities.

It was;

RESOLVED THAT:

- i) Management should urgently engage contractors to accelerate project completion and enforce contractual obligations, including penalties for delays where applicable. Additionally, strengthening project monitoring and oversight mechanisms to ensure timely implementation and accountability in future projects.
- ii) The report of the Internal Auditor on extension of contract periods be **NOTED**.

AC/175/06/25: COMPLETED COMMUNITY PROJECTS NOT COMMISSIONED - 8 PROJECTS

Management Control

The internal Auditor reported to the Committee that in accordance with the Ministry of Local Government and Rural Development circular No. MLDRD/101/22/157 dated 4th April, 2025, directs that all completed Constituency Development Fund Projects must be commissioned within 60 days the date of completion.

Findings

A review of the Community Project Status Report for 2024 and a physical inspection of selected projects revealed that the projects listed in the table below were marked as completed but had not yet been commissioned. As a result, these projects remain non-operational and are not serving their intended purpose. See attached Schedule # 6.

Root cause

The delays in branding and commissioning of completed projects were mainly attributed to funding constraints experienced between November 2024 and March 2025. During this period, delayed payments to contractors hindered their ability to procure the required materials, thereby affecting the timely execution of branding activities.

Potential Risk

Delayed Service Delivery: Essential services and infrastructure remain unused, affecting community development. Deterioration of Assets: Unused facilities may suffer from vandalism, theft, or deterioration due to lack of maintenance. Inefficient Use of Public Funds: Government resources are spent on projects that do not yield immediate community benefits.

Management Comments

Management acknowledged the observations of the auditor and explained that branding and commissioning is now underway.

Management Action Plans

The following action plans represent the agreed management actions to be taken to address the weaknesses and areas for improvement, as identified during the internal audit:

#Agreed management action	Position/designation directly responsible for implementation	Implementation date
1	Management will ensure that funds are requested on time and follow up made on delayed payments	DES/DF

Final Internal Audit Comment:

Audit would continue to conduct follow-ups and reviews to ensure effective implementation of the management action plan. However, there was need for

improvement in the timely branding and commissioning of community projects to ensure they serve their intended purpose and benefit the communities promptly.

After a debate, it was;

RESOLVED THAT:

- i) Management should expedite the commissioning process to ensure the completed projects become operational and benefit the community.
- ii) Clear timelines and procedures be established to prevent future delays in project commissioning.
- iii) Regular monitoring and follow-ups should be conducted to ensure timely handover and utilization of completed projects.

AC/176/06/25: FULL PAYMENT MADE FOR A DRY BOREHOLE - 1 PROJECT

Management Control

The internal Auditor reported that, according to the Public Finance Management Act No. 1 of 2018 and Constituency Development Fund Implementation Guidelines, payments for public works must be based on verified deliverables and value for money principles. Additionally, contracts for borehole drilling typically include performance-based conditions and clauses on unsuccessful drilling outcomes.

Findings

Audit revealed that full payment was made to a contractor for the drilling of a borehole under the 2024 CDF project in Kaumbwe Constituency, despite the borehole yielding no water (dry borehole). As of the first quarter of 2025, no remedial actions were undertaken to address the situation or deliver the intended service to the community.

No.	Project Name	Contractor	Contract Sum
1	Siting, Drilling, and Equipping with India Mark II of a Borehole at Nyanduane Primary School	Litchi Boreholes and Construction	K65,000.00

The cause of query was beyond the human action as the proposed site is very difficult to find water.

Potential Risk

Full payment for an unproductive borehole constitutes poor contract management and may result in financial loss to the Council. The community remains underserved, contrary to the intended development objective of the project. There was risk of audit sanctions and loss of public trust in the management of CDF resources. Lack of corrective action suggests weak project monitoring and follow-up mechanisms.

Management Comments

Drilling and equipping of the borehole at Nyanduan Primary School, the contractor - Litchi Boreholes and Construction, mobilized on site to carry out the works. However, the attempts to drill yielded negative results as the boreholes were dry. Engagements were made with the Area Councilor to identify an alternative site for the borehole. The contractor was thus given a new site at Mashabilasasu village in Mtukuzi zone where a successful borehole was drilled and equipped.

Management Action Plans

Management will ensure that funds are only paid to contractors upon a successful drilling of boreholes.

#Agreed management action	Position/designation directly responsible for implementation	Implementation date
1	Management will ensure that funds are only paid to contractors upon a successful drilling of boreholes	DES/DF

Internal Audit Comment:

Audit to conduct follow-ups and periodic reviews to ensure full implementation of the management action plan. A verification exercise to be carried out at the newly drilled site in Mashabilasasu Village, Mtukuzi Zone. Upon confirmation of the drilling and functionality, the audit query will be considered resolved and subsequently dropped.

It was;

RESOLVED THAT:

- i) Management should urgently engage the contractor to address the situation, either through relocation or re-drilling as per contract provisions.
- ii) In future, payment for borehole works should be conditional on the successful yield of water and final commissioning reports.

iii) The Legal, Procurement and Engineering units should enhance contract supervision and ensure that performance clauses are strictly enforced.

AC/177/06/25: AUDIT CHARTER

The Committee was informed that internal audit charter was a formal document that defines the internal audit activity, purpose, authority, and responsibility. The internal audit charter establishes the internal audit activity's position within the organization, authorizes access to records, personnel, and physical properties relevant to the performance of engagements and defines the scope of internal audit activities.

Internal Audit Comment

Committee members were encouraged to read through the Audit charter to acquaint themselves with the roles and responsibilities of the internal auditor in the discharge of duties. The internal auditor was accountable to the controlling officer and Audit Committee. The Audit Charter was presented to the committee for adoption for the calendar year 2025.

After a debate, it was,

RESOLVED THAT: The Audit Charter for the calendar year 2025 Adopted.

AC/178/06/25: AUDIT WORK PLAN

Management Control

The internal Auditor reported that one of the vital areas of Audit that were primarily conducted at the beginning of the Audit process to ensure that appropriate attention was given to important areas was the "Audit Plan" or Audit Planning. Audit planning simply means developing a general strategy and detailed approach for the expected problems. Nature, timely and extent of the audit. The auditor plans to perform the audit in an effective and timely manner.

Internal Audit Comment

Equally members are encouraged to take note of the Audit work plan as the auditor will be discharging his duties in line with the presented plan. The Audit work plan was presented to this committee for adoption for calendar year 2025. It was;

RESOLVED THAT: The Audit work plan be adoption for calendar year 2025.

There being no business to transact the meeting was declared close at 13:50 hours after a prayer by Corinne Mwanza Public Relation.
